

**TRAG**  
**(Throckley Residents Action Group)**

**Say 'NO'**

..... to a 25 metre high O2  
Telecommunications Mast at  
Quicksilver Removals, Throckley.

O2 have applied for Planning Permission to erect a telecommunications mast on the Quicksilver Removals site, next to local houses and near to Throckley Primary School and other local amenities..... Many residents have expressed their concerns over:

- the appearance of a 25 metre mast towering over Throckley ... (the 'Angel of the North' is only 20 metres high!!)
- worries about possible health risks from the radiation that these masts emit.
- The impact on local house prices

**Act now and object to this proposal ... Write to:**
